Climalife presents its new eco-solutions

Hall 6 Stand 330

- **Performax™ LT**, the low-GWP refrigerant to replace R-404A in low- and medium-temperature systems.
- **Greenway®**, the new range of heat transfer fluids made from organic, plant-based matter: an alternative to traditional solutions.
- **Solstice™ ze** (HFO 1234ze), the 4<sup>th</sup>-generation refrigerant.

Come and find them all at our stand and during a **technical lecture on "the future of refrigerants" on Wednesday 10 October 2012, from 11:00 to 13:00, in the Kiew room of the Nuremberg Convention Centre (NCC OST).**

The lecture is **free** but requires **pre-registration**. (see reply slip on the reverse of this document).

Be the first to collect a new pressure/temperature slide rule from our stand!

To receive a free invitation, please fill in the attached reply slip.

See you soon!
